

# DECLARATION OF CONFORMITY

According to the REACH regulation, SIBU DESIGN GmbH & CoKG is a downstream user.

Our declaration of conformity is therefore based on the confirmations of our pre-suppliers, who are obliged to inform SIBU DESIGN GmbH & CoKG without delay should one of our pre-products contain materials subject to the REACH regulation in a volume that requires compulsory registration.

In line with the available confirmations provided by our pre-suppliers, we can state that at present, as a downstream user, SIBU DESIGN GmbH & CoKG does not employ any raw materials in its products that are subject to obligatory authorisation, or any materials contained in the REACH regulation's SVHC list (relates to substances of very high concern, (June 26th, 2018). However, as a downstream user, due to dependence upon our pre-suppliers, we are not in a position to provide guarantees regarding their registrations.

Should we receive different information from our pre-suppliers as a result of future extensions to the REACH regulation, we will provide you with immediate notice.
